

Forthcoming Articles in the Next Issue

Editor's Notebook. Stanley RJ

Abdominal Imaging

- **Original research.** Abdominal wall endometriosis: clinical presentation and imaging features with emphasis on sonography. *Hensen JJ, van Breda Vriesman AC, Puylaert JBCM*
- **Clinical observations.** Contrast-enhanced sonography for differential diagnosis of perisplenic lesions with a second-generation contrast agent. *Gorg C, Bert T*

Cardiac Imaging

- **Original research.** Single shot inversion recovery trueFISP for assessment of myocardial infarction. *Huber A, Schoenberg SO, Spannagl B, et al.*
- **Original research.** Improving diagnostic accuracy of MDCT coronary angiography in patients with mild heart rhythm irregularities using ECG editing. *Cademartiri F, Mollet NR, Runza G, et al.*

Chest Imaging

- **Pictorial essay.** Focal parenchymal lung lesions demonstrating a potential of false-positive and false-negative interpretations on integrated PET/CT. *Shim SS, Lee KS, Kim B-T, Choi JY, Chung MJ, Lee EJ*
- **Pictorial essay.** Bronchial and nonbronchial systemic arteries in patients with hemoptysis: depiction on MDCT angiography. *Chung MJ, Lee JH, Lee KS, Yoon YC, Kwon OJ, Kim TS*

Computers

- **Computers in radiology.** A low-cost, high-quality method for remote recording of presentations. *Tan LK, Hsiu Ding J, Ng K-H*

CT Imaging

- **Original research.** Traumatic arterial injuries of the extremities: initial evaluation with MDCT angiography. *Rieger M, Mallouhi A, Tauscher T, Lutz M, Jaschke WR*
- **Clinical observations.** Cystic renal masses: significance of an enhancing component on CT to predict malignancy and the interobserver agreement of different CT features. *Benjaminov O, Atri M, O'Malley M, Lobo K, Tomlinson G*
- **Clinical observations.** Comparison of angular and combined automatic tube current modulation techniques with constant tube current CT scanning of the abdomen and pelvis. *Rizzo S, Kalra M, Schmidt B, et al.*

Gastrointestinal Imaging

- **Original research.** Impact of CT-guided drainage in the treatment of diverticular abscesses: size matters. *Siewert B, Tye G, Kruskal J, Sosna J, Opelka F*
- **Original research.** MDCT of intraductal papillary mucinous neoplasm of the pancreas: evaluation of predictive CT features suggestive of invasive carcinoma. *Kawamoto S, Lawler LP, Horton KM, Eng J, Hruban RH, Fishman EK*
- **Original research.** CT colonography: performance of computer assisted reader software for polyp detection in comparison to expert observers. *Taylor S, Halligan S, Burling D, et al.*
- **Review.** A review of internal hernias: radiographic and clinical findings. *Martin LC, Merkle EM, Thompson WM*
- **Pictorial essay.** Extracolonic findings identified in asymptomatic adults at screening CT colonography. *Pickhardt PJ, Taylor AJ*

Genitourinary Imaging

- **Clinical observations.** Conventional MRI capabilities in the diagnosis of prostate cancer in the transition zone. *Li H, Sugimura K, Kaji Y, et al.*
- **Clinical observations.** Combined endorectal and phased array MRI in the prediction of pelvic lymph node metastasis in prostate cancer. *Wang L, Hricak H, Kattan MW, et al.*

Head and Neck Imaging

- **Original research.** MR microimaging of benign and malignant nodes in the neck. *Sumi M, Van Cauteren M, Nakamura T*

Hepatobiliary Imaging

- **Original research.** Multidetector helical CT in the staging of gallbladder carcinoma. *Kalra N, Suri S, Gupta R, et al.*
- **Clinical observations.** Contrast-enhanced sonography versus conventional and color Doppler sonography for detection and characterization of thrombosis of the portal and hepatic venous systems. *Rossi S, Rosa L, Ravetta V, et al.*

Interventional Radiology

- **Original research.** Relationship between fluoroscopic time, dose-area product, body weight, and maximum radiation skin dose in cardiac interventional procedures. *Chida K, Saito H, Otani H, et al.*
- **Original research.** Mid- and long-term quality of life assessment in patients undergoing uterus fibroid embolization. *Bucek RA, Puchner S, Lammer J*
- **Original research.** Nonoperative management of traumatic splenic

injuries in adult patients: is there a role for proximal splenic artery embolization? *Bessoud B, Denys A, Calmes J-M, et al.*

MR Imaging

- **Original research.** MRI in meniscal lesions: soft-copy (PACs) and hard-copy evaluation versus reader experience. *Roos JE, Chilla B, Zanetti M, et al.*

Musculoskeletal Imaging

- **Original research.** Meniscal extrusion in young sportsmen: associated knee joint abnormalities. *Rennie WJ, Finlay DBL*
- **Original research.** Axial rotation of the lumbar spinal motion segments correlated with concordant pain on discography: a preliminary study. *Blankenbaker DG, Houghton VM, Rogers BP, Meyerand ME, Fine J*
- **Clinical observations.** Direct arthrography of the isotriquetral joint. *Pessis E, Drape J-L, Bach F, Feydy A, Guerini H, Chevrot A*
- **Clinical observations.** Lipofibromatous hamartoma of the upper extremity: a review of the radiology in 15 cases. *Toms A, Anastakis D, Bleakney R, Marshall T*
- **Clinical observations.** Significance of MRI for differentiating between ganglion and synovitis in the chronic painful wrist. *Anderson SE, Steinbach LS, Stauffer E, Voegelin E*
- **Case report.** Marjolin's ulcer: MR appearance. *Chiang K-H, Chou AS-B, Hsu Y-H, et al.*

Neuroradiology

- **Commentary.** Commentary on "cerebral infarction diagnosis by computerized tomography: analysis and evaluation of findings." *Burdette JH, Elster AD*

Pediatric Imaging

- **Original research.** Renal interlobar artery parameters with duplex Doppler sonography and correlations with age, plasma renin, and aldosterone levels in healthy children. *Sigirci A, Hallac T, Akyncy A, et al.*
- **Original research.** The frequency of radiology reporting of childhood obesity. *Strife JL, Decanio RE, Donnelly LF, Johnson ND*

Special Article

- **Clinical observations.** Deaths attributed to X-ray contrast media on U.S. death certificates. *Wysowski D, Nourjah P*

Vascular Imaging

- **Clinical observations.** Radiological manifestations of primary solitary extramedullary and multiple solitary plasmacytomas. *Ooi GC, Chim JCS, Au WY, Khong PL*
- **Case report.** Multicentric aggressive angiomyolipomas: a rare form of PEComas. *Lai H-Y, Chen C-K, Lee Y-H, et al.*
- **Case report.** Acute aortic dissection with intimal intussusception: MR appearances. *Fan Z, Zhang Z, Ma X, Guo X*

Women's Imaging

- **Original research.** Long-term outcomes of uterine artery embolization using gelatin sponge particles alone for symptomatic fibroids. *Katsumori T, Kasahara T, Akazawa K*
- **Original research.** MRI of adenomyosis: changes with uterine artery embolization. *Kitamura Y, Allison S, Jha R, Spies J, Flick P, Ascher S*
- **Original research.** Nonpalpable mammographically occult invasive breast cancers detected by MRI. *Bartella L, Liberman L, Morris EM, Dershaw DD*
- **Original research.** Radiation dose to the fetus from body MDCT during early gestation. *Hurwitz LM, Yoshizumi T, Reiman R, et al.*
- **Clinical observations.** Location of appendix during pregnancy: revisited by MRI. *Oto A, Srinivasan PN, Ernst RD, et al.*
- **Clinical observations.** Direct injection of paraffin into the breast: mammographic, sonographic, and MRI features of early complications. *Dogan BE, Yang WT*
- **Case report.** Papillary adenocarcinoma in a small bowel duplication presenting in a pregnant woman "too large for dates." *Radich GA, Altinok D, Adsay VN, Soulen RL*

On the AJR Viewbox

- **Percutaneous vertebroplasty in osteoporotic compression fracture with epidural hematoma.** *Singh A, Wetherington CA, Gilula LA*
- **Perforated appendix within a femoral hernia.** *D'Ambrosio N, Katz D, Hines J*
- **MRI findings in intestinal cocoon.** *Menassa-Moussa L, Bleibel L, Sader-Ghorra C, Smayra T, Aoun NJ*
- **Dialysis-related amyloidomas presenting as bilateral gluteal mass.** *Libicher M, Freyschmidt J*
- **High-attenuation mucus in allergic bronchopulmonary aspergillosis: another cause of diffuse high-attenuation pulmonary abnormality.** *Agarwal R, Aggarwal A, Gupta D*

The American Roentgen Ray Society

Join Us Today!

ARRS Is Your Partner in Lifelong Learning

- *American Journal of Roentgenology (AJR)*
- *AJR Integrative Imaging*
- *AJR Online*
- Annual Meetings & Regional Courses
- *ARRS Memo* & E-mail Alerts
- Educational Products & Resources with free CME
- Awards & Recognition Programs
- Professional Committees & Volunteer Opportunities
- ARRS Website
- Network of the Best in Radiology Worldwide

Membership Application

ARRS Membership Application 1

For ARRS Office Use:

Date Received

I.D. Number

AJR206

Date: _____ Date of Birth (Month/Date/Year): _____ Male Female

Name (please print): _____
Last First Initial Degree(s)

Home Address:

Street Address or Post Office Box: _____

City: _____ State/Province: _____ Zip/Postal Code: _____ Country: _____

Home Phone (): _____ Fax (): _____ E-mail (home): _____

Work Address:

Organization: _____

Street Address or Post Office Box: _____

City: _____ State/Province: _____ Zip/Postal Code: _____ Country: _____

Work Phone (): _____ Fax (): _____ E-mail (work): _____

Please indicate where you prefer to receive your journals and/or correspondence: Home Work

What is your subspecialty or primary area(s) of interest? (Please select no more than 4 subspecialty areas.)

Graduate (Medical School, Graduate School, etc.): _____

Postgraduate (Internships, Residencies, Fellowships, etc.): _____

ARRS Membership Application **2**

Credentials: Board-certified Yes No If yes, please complete the following:

I hereby certify that I am certified in _____ by the _____
Year Name of Qualifying Board

in _____
Specialty

Do you have a Certificate of Added Qualification (CAQ) from the ABR? Yes No

If yes, please indicate the area: Pediatric Radiology Neuroradiology Vascular/Interventional Radiology

In-training applicants must complete this section

I certify that I am a resident fellow or medical student in _____
Specialty

at _____
Name of Institution

Date program began (begins): _____ Date program ends: _____
(Month/Date/Year) (Month/Date/Year)

Verification: (Program Director or Department Chair only)

I certify that this applicant is a resident, fellow, or medical student at the above-named institution.

Name (Please print): _____ Phone: _____

Address: _____

Signature: _____ E-mail address: _____

Volunteer Opportunities with ARRS

Check here if you are interested in learning more about volunteer opportunities with ARRS including:
